Daemen College
Faculty, Staff, and Students

Dear Colleagues,

It is with great excitement that I share some good news with you: Daemen College has been selected as a finalist by *Business First* as one of the top 100 companies (with 100-500 employees). The award will be named at a celebration luncheon taking place in mid-March.

As you remember, in 2014 Daemen won first place in this same category.

We encourage you to complete the survey, even during the holiday break, to help make this recognition possible for Daemen.

To be named as a finalist is truly a testament to the kind of dedicated faculty and staff and collegiality that we are fortunate to have at our college.

Cordially,

Gary A. Olson
President
