Daemen College
Faculty and Staff

Dear Colleagues,

I would like to thank and congratulate for a job well done all the many people who helped make this year's Commencement such a success. Your efforts contributed to creating an excellent experience for our students and their families. Thank you.

I want to especially thank the many professionals in our facilities department. They did a superb job of juggling countless competing tasks, both at Commencement and on campus. These tasks are most often invisible but absolutely essential, and this year—as always—our facilities people were flawless. I hope you will take the time to thank them if you have the opportunity.

At the State of the College Address, I announced that we would bring to campus a technology expert who would examine the state of technology at Daemen and make recommendations for change if appropriate. This consultant, Mr. Jeff Reisberg, will hold an open forum for anyone in the Daemen community who wishes to provide input. This session will be on Tuesday, June 3 from 12:30 to 1:30 in the Alumni Lounge. I hope you will take the time to give him your thoughts.

Cordially,

Gary A. Olson
President
